

No Pride

Intro:

G-D-C x4

Verse 1:

G D
Well I'm just a mutt
C G
And nowhere is my home
G D
Where dignity's a land mine
C G
In the school of lost hope
G D
I've panhandled for a life because
C G
I'm not afraid to beg
G D
Hand me down your lost and founds
C G
Of second hand regret

Prechorus:

D
You better swallow your pride
C G D
Or you're gonna choke on it
D
You better digest your values
C G D
Because they turn to shit

Chorus:

G B
Honor's gonna knock you down
C E
Before you chance to stand up and fight
G D
I know I'm not the one
G D C G D C
I've got no pride

Verse 2:

G D
Sects of disconnection
C G
And traditions of lost faith
G D
No culture's worth a stream of piss
C G
Or a bullet in my face
G D
To heck with unity
C G
Separation's gonna kill us all
G D
Torn to shreds and disjointed
C G
Before the final fall

Prechorus:

D
You better swallow your pride
C G D
Or you're gonna choke on it
D
You better digest your values
C G D
Because they turn to shit

Honor's gonna knock you down

Before you chance to stand up and fight
