Rudolph the Red Nosed Reindeer

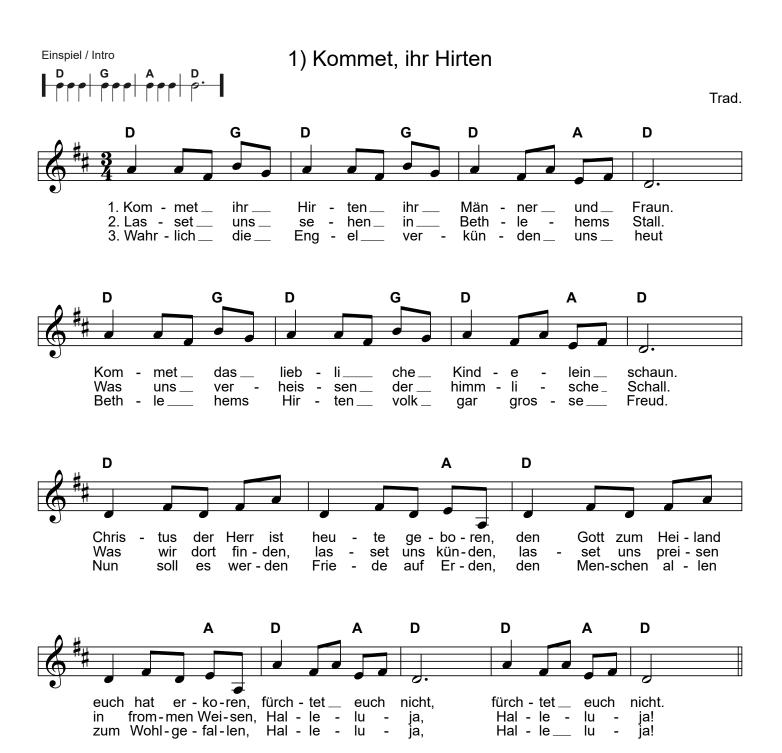

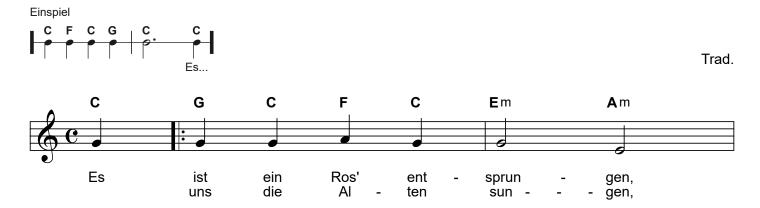

Ich habe die Singstimme bei den folgenden Liedern eher tief gesetzt, da dies für Ungeübte leichter ist (Alt / Bass). Mit dem Capo d'Aster kann die Tonhöhe aber einfach erhöht werden, ohne umzugreifen (Capo auf Bund 3 bis 6 ergibt etwa Sopran/ Tenor).

Falls du die Melodien auf der Gitarre oder auf der Blockflöte spielen willst, empfehle ich die entsprechenden günstigen Versionen auf meiner Website www.hochweber.ch
